

PRODUCT DATA SHEET

Elko® GuttaGard™

Product Description

The Elko® GuttaGard™ is a solid aluminum gutter protection product used to deflect leaves, pine needles, pollen and seed from accumulating in residential and commercial gutters while keeping gutters and downspouts free of debris and clogs. It is designed for easy installation and can be installed by the homeowner or by a professional contractor.

Product Packaging

The Elko® GuttaGard™ is available in various package sizes: 12' – 40' retail (corrugated catalog boxes) and 100 foot boxes. It is available in 5.25" and 6.5" widths to fit 4-5" gutters and 6" gutters respectively. The 6.5" panel is available in 100' contractor boxes only.

Each retail box includes:

- 3 - 10 panels of 4' length each
- Clips (11 clips per 20')
- 1 set of installation instructions
- 1 warranty registration card

Each 100' box includes:

- 25 panels of 4' length each
- 1 package of 60 clips
- 1 set of installation instructions
- 1 warranty registration card

Product Specifications

The Elko® GuttaGard™ is constructed of sturdy .018 gauge solid aluminum. It is also available in 12 ounce copper. Color availability is Gray, Black, Royal Brown and White.

Each panel is 4' in length. The product has a 15 year limited warranty, and is independently certified to handle at least 6" per hour of rain capacity. The Elko® GuttaGard™ installs easily on aluminum and vinyl gutters using the new Gutter Genius® clip.

The Elko® GuttaGard™ is available nationwide in many home improvement channels.
